# Our FOUNDER

For more than 14 years, EZONE's Founder and Managing Director, Mariben Christine Eustaquio has been helping entrepreneurs navigate the UAE's evolving business landscape. As one of the industry's early professionals, she has advised thousands of business owners on company formation, corporate structuring, and market entry strategies.

Her philosophy is simple: every recommendation should serve the client's best interests, not the easiest sale. This client-first mindset has shaped EZONE into a consultancy known for trusted advice, responsive service, and long-term partnerships.

# Our TEAM

**EZONE WAS BUILT BY ENTREPRENEURS, FOR ENTREPRENEURS.**

We understand that starting a business is more than obtaining a license. It is often a life-changing decision involving family, finances, and long-term goals.

# About

# EZONE

With over 30 years of combined experience, EZONE stands out as a distinguished business setup consultancy, leveraging over a decade of industry knowledge and firsthand experience. The company specializes in providing comprehensive start-to-end business setup solutions, aiding numerous UAE businesses in navigating administrative, technical, and financial aspects to successfully establish themselves in the UAE. EZONE's Business Setup Consultants bring a wealth of expertise to guide entrepreneurs through the process, ensuring a seamless and stress-free experience without the pitfalls of incorrect business advice.

The company's commitment goes beyond the technicalities of business setup. At EZONE, the focus extends to cultivating meaningful business relationships. The team understands that the success of a business relies not only on the setup process but also on the ongoing collaboration and support provided. With a dedication to transparency, reliability, and service excellence, EZONE continues to accelerate its growth and achieve its goals, welcoming entrepreneurs and business owners to realize their visions in the vibrant business landscape of the UAE.

# About

# EZONE

## Our Vision

To be the trusted partner entrepreneurs turn to when building their future across borders.

## Our Mission

To provide entrepreneurs with the right solutions, expert guidance, and ongoing support to start, grow, and sustain successful businesses.

## Our Promise

We promise to provide honest advice, tailored solutions, and long-term support, always putting our clients' interests before our own.

## Transparency

We communicate openly, provide honest advice, and ensure our clients have clarity throughout every stage of their journey.

## Accountability

We take ownership of our commitments, follow through on our promises, and are accountable for the outcomes we deliver.

## Client First

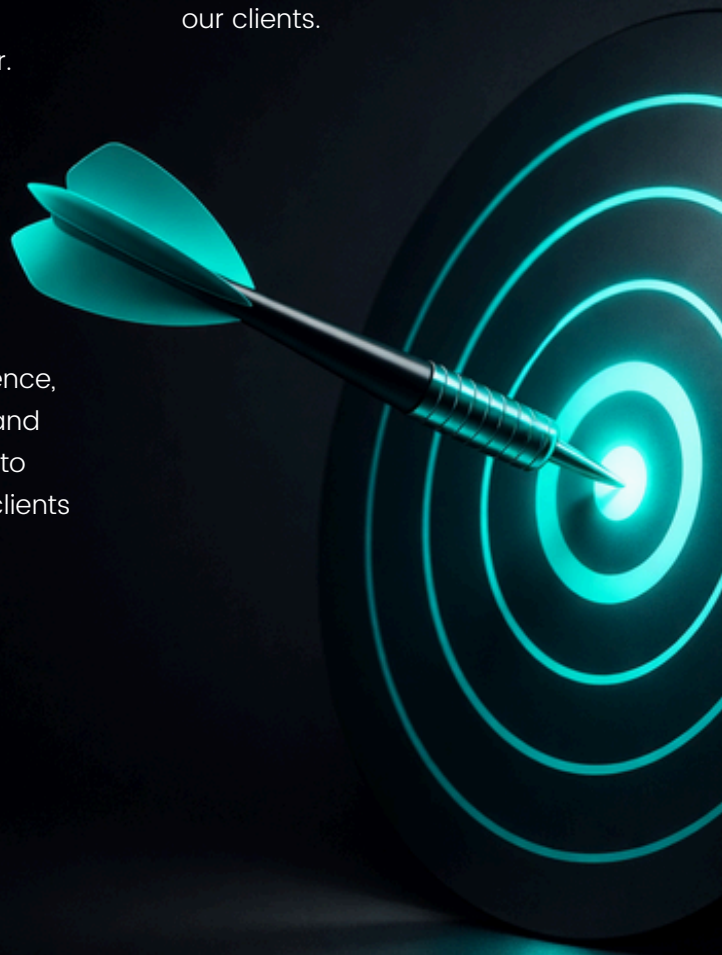

Every decision we make is guided by what creates the greatest long-term value for our clients.

## Service Excellence

We strive to exceed expectations by delivering responsive, professional, and solution-oriented service.

## Expertise

We combine experience, market knowledge, and continuous learning to provide advice our clients can trust.

# What Makes Us **STAND OUT**

## **Unparalleled Expertise**

Having more than a decade of industry experience, our team has the knowledge and expertise to provide entrepreneurs with the most suitable business setup options for company formation.

## **Clear Cut Procedures**

Ensuring that every step is visible to you, we keep you in the loop at all stages through our organized approach and transparent procedures.

## **Dedicated Support**

With our timely assistance, value-added services, and post-licensing support, we assure you that each client is given our utmost attention and support.

## **Cost-Effective Strategies**

Through our integrated, economical, and flexible plans, our practical business strategies save you time and money that are bespoke to your business requirements.

## **Complete A to Z Solutions**

From business setup to scale-up assistance, we provide smarter start-to-end solutions that simplify even the most complicated task and accelerate your business setup process.

# The **JURISDICTIONS**

Every business has different goals, activities, ownership needs, visa requirements, and long-term plans. At EZONE, we help you choose the most suitable structure for your business, whether mainland, free zone, or offshore.

## MAINLAND

- Ideal for businesses looking to scale across the UAE market
- Trade across the UAE market and internationally
- Wider range of permitted business activities
- Ability to work with government and semi-government entities, subject to eligibility and approvals
- Flexibility to choose office locations across the UAE
- Higher scalability for teams, office space, and visa allocations, subject to authority approval
- Suitable for businesses with a physical presence, local operations, or expansion plans

## FREE ZONE

- One of the most economical options for starting a business in the UAE
- 100% foreign ownership
- 100% repatriation of capital and profits
- Fast and streamlined incorporation process
- Flexible and remote-friendly setup options, subject to jurisdiction and activity
- Flexible office solutions, including flexi-desks, shared offices, private offices, and warehouses
- Corporate Tax incentives for qualifying businesses, subject to UAE Corporate Tax regulations
- Suitable for startups, consultants, digital businesses, international trading, and service-based companies

## OFFSHORE

- 100% foreign ownership
- No physical office requirement
- Remote setup options available, subject to jurisdiction and documentation requirements
- High level of privacy and confidentiality
- Suitable for holding companies, asset protection, and international structuring
- Efficient setup for non-UAE operational and investment purposes
- Ideal for clients who do not require UAE residence visas or local UAE operations

# Business Setup SERVICES

## Business Setup & Structuring Advisory

EZONE provides strategic guidance on the right company structure, jurisdiction, licensing activity, ownership model, and compliance pathway for your business. Whether you are starting a new company, restructuring an existing entity, or expanding into the UAE, we help you make informed decisions that support your long-term business goals.

## PRO Services

Our dedicated PRO team manages the government procedures required to keep your company compliant and operational. From visa processing and labour approvals to immigration support, document submissions, and regulatory requirements, we handle the process so you can focus on running your business.

## Bank Account Opening Support

Through our banking network, EZONE supports clients with structured corporate bank account opening solutions. We guide you through documentation, compliance requirements, and bank coordination to help improve the approval process.

## Document Attestation & Legalisation

EZONE supports clients with document attestation and legalisation requirements for business, visa, banking, and compliance purposes. From educational certificates to corporate documents, we help ensure your paperwork is properly prepared and submitted.

## Golden Visa Processing

EZONE manages the complete Golden Visa process for eligible investors, entrepreneurs, professionals, and executives. From eligibility review and strategic guidance to documentation, submission, and follow-up, we support a smoother path to long-term UAE residency.

## Corporate Tax & Compliance Support

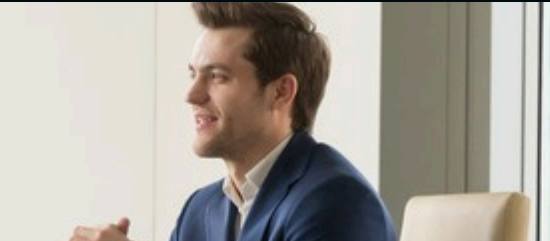

EZONE helps businesses stay aligned with the UAE's evolving regulatory requirements. From corporate tax registration support to compliance coordination and advisory, we help ensure your company remains properly documented, structured, and ready for growth.

## Trademark Registration

EZONE helps entrepreneurs and companies protect their brand identity in the UAE. From name and logo review to application filing and follow-up, we guide clients through the trademark registration process with clarity and proper documentation.

# The **PLANT-IT-FORWARD** **INITIATIVE**

Envision being part of an initiative that works towards sustainability and biodiversity. An initiative that combines the development of your business with the growth of the ecosystem. Imagine planting a thousand trees in every part of the world while sitting in the comfort of your home and saving the planet at the same time. All this is made possible with EZONE.

EZONE's Plant-It-Forward Initiative aims to bring communities together where entrepreneurs are able to contribute to the restoration of the environment through our company. By setting up a business with EZONE, you can preserve nature and be part of the green evolutionary movement.

With your business, you can create an entrepreneurial ecosystem that paves the way for not only business but environmental development. This is made possible through the One Billion Tree Initiative (OBTI) which collaborates with 21 NGOs from 21 different countries all over the world.

Through this program, EZONE can expand its initiative globally and incorporate tree planting as part of every company's mission. It is one powerful gesture in favor of nature.

Each tree that is planted has a meaning. It has a unique story. The kind of tree, when it was planted, who planted it, and why it was planted, matters. Connecting to the EcoMatcher, the world's first digital tree-planting platform, you can know every tree's sustainable story. You can identify the location of your tree through the TreeChain ID and travel virtually to see them through your phones. Even name your tree and talk to it to know about its journey.

As a form of gratitude to our valuable clients who have set up their businesses with us, we have planted more than 100 trees in the Middle East and Southeast Asia under their name. And the numbers continue to increase every day.

With our initiative, we sustain numerous farmers and their families globally. There is no better way to give back to the entrepreneurs, communities, and to the environment than with our Plant- It-Forward Initiative. A cleaner and greener community is coming to life.
